Call for Papers

The Seventh International Conference on

"Image and Signal Processing and their Applications"

ISPA 2022

IEEE-Indexed Conference

Location

The seventh International Conference on Image and Signal Processing and their Applications (ISPA 2022) is organized by the Laboratory Signals & Systems, Faculty of Sciences and Technology, University Abdelhamid Ibn Badis of Mostaganem, Algeria. It will be held at Mostaganem, a Mediterranean town that is located in the west of the capital Algiers, 340 Km and the east of Oran, 90 Km.

Main conference axes

The IEEE ISPA'2022 international conference focuses on image and signal processing and their applications, especially artificial intelligence. It is an interdisciplinary forum for the presentation of new advances and research results in the fields of computer vision, deep and machine learning, image processing technologies, signal processing, telecommunications and 5G/6G networks.

ISPA 2022 will bring together leading academic scientists, researchers and scholars from around the world in the areas of interest listed above.

Topics of interest for submission include, but are not limited to:

Artificial intelligence, deep and machine learning for image and signal processing, computer vision, pattern recognition, telecommunication, 5G and 6G networks, object recognition and classification, multiple objects tracking and behavior analysis, scene analysis, deep learning for computer vision, and e-health applications, medical imaging, intelligence transport systems, embedded systems, ...

Objective

After the success of the six editions ISPA'2009, ISPA'2010, ISPA'2012, ISPA'2015, ISPA'2017 and ISPA'2019; the objective of **ISPA'2022** is always to provide a convivial space and privileges discussions meetings and exchanges of results, between scientists, researcher, and industrials to present their latest researches on recent topics of Image and Signal Processing and their Applications.

Topics

- Image processing
- Machine and deep learning
- Signal processing
- Biomedical engineering
- Telecommunications
- Speech processing
- Applications

Instructions for authors

Prospective authors are invited to submit their papers (4 to 6 pages) in English, in two-columns according to the IEEE format (Refer to ["Instructions for authors"](#) section on the conference web site to download the template). Page 1 must hold the title of the paper, the author's name, the affiliation, mailing address, e-mail and abstract with up to five keywords. The double-column simple spaced paper should be submitted in PDF format [online](#). Registered and presented papers will be published in proceedings that will be submitted to Digital Library **IEEE Xplore**. If you have any problems submitting the paper, please contact: ispa.conference@univ-mosta.dz.
