General supervisor of the forum: professor fninekh abdelkader.

General coordinator of the forum: professor abbassa tahar.

Prisident of the national forum:p. khareze halima

Chair of the scientific committee: professor hamida nadia

Chair of the organizing committee: p.ouafi hadja

Preamble:

The purpose of creating criminal justice in général Is to achieve justice and the rule of Law instead of Revenge and abuse , Dedicating criminal justice through international criminal justice bodies especially in the most serous crimes, this is exemplified by the Ro ;;e stqtute of the international criminal court by delining the subject matter jurisdaction ensure that the perpetrators of these crimes do not go unpunished .

The crime of international terrorism has aceupied global and local public opinion , including researchers and specialists.with the increase in its dangers at the international level, it has occupied the center stage among contem porary global issues and has been a focus in the dis course of the international commicty without esception especially after the events of september 11.2001, where recieved wide attention in comfrontingit.

Although tevorist act reached their climax in conjumction With the preparations for the establishment of the international criminal court and the condemnation of it by the international community . The juris diction of the international court of international terrorism did not fall within its substantive juris diction .

From here , the problem of the National form emerges through the search for the various obstaches that prevented the inchlussion of international terrorisim, within the escculusive juris diction of the international criminal court and the esctent to which the crime of international terrorims can be included in the circle of crimes under consideration by the court that threaten international peace and security .

The Importance and objectives of the conférence :

The importance of the topic of most important international principales related to criminal jurisdiction , the ain is to reach inter,ational criminal justice,

while clarifying the reasons that prevented the inclusion of terrorism within the substantive jurisdiction of the international criminal court , with diagnosing the most important obstacle and a adapting international violations of a terrorist nature related to international jurisdiction .

Themes of the National form :

The first axis :- principles Relevant to international criminal jurisdiction .

- principles of a legal mature.
- The principles of state sovereignty.
- The principle of maintaining international peace and security .
- * principles of a judicial Nature
- The principle of equality before the law and the judiciary .
- fair trial principle .

Second axis : - Domestic and international criminal jurisdiction .

- Internal jurisdiction of criminal Law
- Integrative competence
- Exclusive jurisdiction .

The Third axis : - Obstacles to including international terrorism within the subject matter jurisdiction of the international criminal court .

- Obstacles of a legal nature (definition of international terrorism, conditioning of international terrorism).
- Obstacles of a legal political (international domination , The practice of state terrorism , political quarrels).
