How can the students submit a work on the MOODLE platform?

Objectives of the presentation:

This presentation is intended for teachers who want to receive their students' theses.

By activating this resource students will find a place to drop off their work
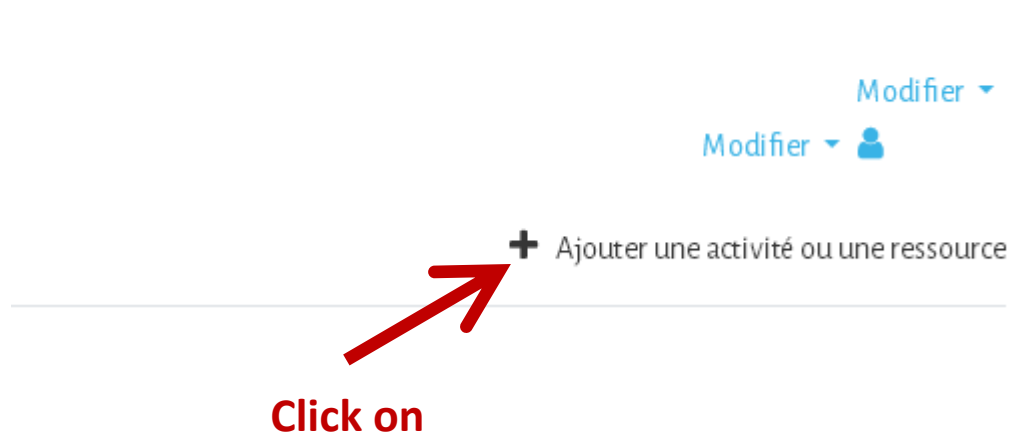

How to submit a work on the MOODLE platform?

For the teacher:

The icon the Moodle platform represents a specific drop-off location for students who want to submit their graduation project or a requested assignment.

How to submit a work on the MOODLE platform?
Steps to follow:

- Dear teachers:

- Click on the assignment link located in the center of the teacher's lesson space, in the *Ajouter une activité ou une resource* in the lesson space block.

Modifier ▾

Modifier ▾ 👤

+ Ajouter une activité ou une ressource

Click on

Steps to follow:

Steps to follow:

- A window will appear with information on the selected assignment: the title, the file, the directives. The section *État du travail remis* provides information on the status of the work to be delivered (final date for the delivery of the work, evaluation, etc.)

Aux étudiants:

Pour transmettre un travail à l'enseignant, L'étudiant doit se connecter avec son nom d'utilisateur et son mot de passe:

- Cliquez sur

- Cliquez sur **Ajouter un travail** et suivre les étapes suivantes:

  - Le fichier doit porter le nom de l'étudiant pour l'identifier

Steps to submit a work:

Drag files: PDF or Word files

Use the mouse to drag the file into the dotted area and wait for the loading to be completed. The loading starts → The loading is almost finished (do not click on the ***Enregistrer*** button as the progress bar progresses) → The loading is finished (the progress bar disappears and the file deposited is displayed) When the loading is finished, click on the ***Enregistrer*** button

The teacher will receive the file loaded by the student !.
